QUANTAVERSE 2025-INTERCOLLEGIATE FEST

Title: QuantaVerse 2025-Intercollegiate Fest for UG & PG Students

Date: 19th September 2025

Venue: APJ Abdul Kalam Auditorium, MSRCASC Campus

Participants: UG & PG Students across Bangalore

No. of Participants: 93 teams from different colleges around Bangalore.

Date: 19th September 2025

Theme: Science Intercollegiate Fest

Objectives:

- To Showcase the college's academic strength, infrastructure, and extracurricular culture to a wider audience Recognize and celebrate students' creativity, intelligence, and hard work.
- Help students gain self-confidence through participation and achievement.
- Encourage students to work together and develop leadership skills.

QuantaVerse 2025- an intercollegiate Science fest organized by M S Ramaiah College of Arts, Science and Commerce-Autonomous on 19th September 2025. This event was targeted for UG & PG students to Showcase the college's academic strength, infrastructure, and extracurricular culture to a wider audience, thereby enhancing its reputation among prospective students, parents, and academic peers.

The fest served as a vibrant platform for young scholars to explore, compete, and collaborate in the diverse fields of science also this fest event witnessed enthusiastic participation from various colleges, making it a memorable and intellectually stimulating experience.

93 teams from different colleges across Bangalore registered and participated in the competitions. The UG & PG students from the colleges like Jain University, HKBK college, Acharya Institute of Management & Science, Nrupathunga University, Maharani Cluster University, MES ACS College, St, Josephs University, Government First Grade College, GFGC Malleshwaram, AIMS Institute, Baldwins Womens Methodist College, Mount Carmel

College, Bangalore University, SB College of Management & Studies, Jnana Jyoti Degree College, Christ University participated in the fest.

A series of competitions were organized to test the scientific knowledge, creativity, and problem-solving skills of students:

The fest featured a series of academic competitions Beyond the Crime Scene-A Hackathon, Voice of Vision-Start up Ideas, Knock Out Nucleus-Puzzle to crack down, Promptify-Web designing competition, The Scribe Sprint-Synthetic biology competition. Each event tested the participants' subject knowledge, creativity, and problem-solving ability while promoting a spirit of healthy competition.

“Knock Out Nucleus.” This unique puzzle competition aimed to spark curiosity, enhance problem-solving skills, and test the fundamental knowledge of participants in the fields of **chemistry and biochemistry.**

The event attracted enthusiastic participation from several colleges, with teams comprising undergraduate and postgraduate students. The competition was structured in multiple rounds, each designed to challenge different aspects of scientific aptitude.

Promptify, a web designing contest that served as a platform for students to demonstrate their **creativity, coding skills, and design thinking.**

The event witnessed enthusiastic participation from several colleges, with teams comprising both undergraduate and postgraduate students. The primary objective of the competition was to encourage students to **blend technical knowledge with artistic presentation** while addressing real-world themes through web design.

The Voice of Vision event provided a professional platform for students to present their startup concepts and innovative ideas with clarity and confidence. This flagship presentation competition attracted 13 dedicated participants, each bringing unique perspectives and creative solutions to contemporary challenges, showcasing concepts ranging from biotechnology applications to sustainable technology solutions.

The event was evaluated by expert judges Dr. Akshay A and Dr. Aravind Reddy M N, who assessed presentations based on three critical criteria: innovation, feasibility, and potential impact. Each participant received dedicated time to present their vision comprehensively, along with valuable feedback from the professional evaluation panel.

Scribe Sprint-A Synthetic Biology Competition, which focused on the transformative potential of synthetic biology. The event provided a platform for undergraduate and postgraduate students to present innovative biological solutions to pressing global challenges. With issues such as climate change, food insecurity, antimicrobial resistance, and environmental pollution posing major threats, the competition aimed to harness student creativity and scientific reasoning in addressing these concerns through engineered biological systems.

The event was judged by **Prof. Sanjaya Prasad**, Principal Research Scientist, Department of Inorganic and Physical Chemistry, Indian Institute of Science (IISc), Bangalore.

Beyond Crime Scene event emerged as one of the most intellectually stimulating and engaging competitions, drawing immense participation from students across various colleges. The event was designed to test students' **analytical thinking, observation skills, and problem-solving abilities** through a simulated crime investigation challenge.

The competition was structured to replicate a real-life forensic investigation scenario. Participants, divided into teams, were presented with a **mock crime scene** containing carefully placed evidence such as fingerprints, blood samples, coded messages, and suspicious objects. The challenge required them to carefully examine the scene, collect clues, and analyze the data logically to identify suspects and solve the mystery.

Cultural Interlude

The intercollegiate fest witnessed a spectacular **Fashion Show-Vogue Vista** that turned out to be one of the most awaited and crowd-pulling events of the evening. The competition brought together participants from various colleges who showcased their creativity, confidence, and elegance on stage.

The show opened with great enthusiasm as teams walked the ramp under dazzling lights and energetic music. Each team presented a unique theme ranging from **traditional attire, retro fashion, fusion wear, to contemporary trends**, reflecting a blend of culture and modernity. Participants displayed not only their sense of style but also their ability to narrate stories through costumes, choreography, and stage presence.

The event was judged by a panel of eminent personality from fashion & media industry Mrs. Smitha Nagraj Rao. The judging criteria included **costume design, creativity, theme portrayal, confidence, and overall impact**. The participants impressed the audience with innovative concepts such as sustainable fashion, cultural diversity, and futuristic designs.

Prize Distribution and Valedictory

The day concluded with a prize distribution ceremony where winners of various competitions were felicitated. The Chief Guest, along with faculty members, congratulated the participants and highlighted the need for perseverance, curiosity, and collaboration in scientific pursuits.

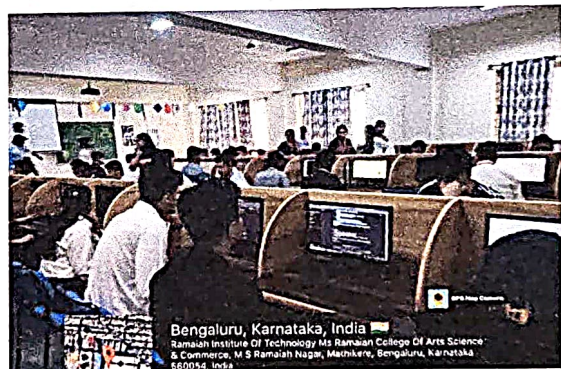

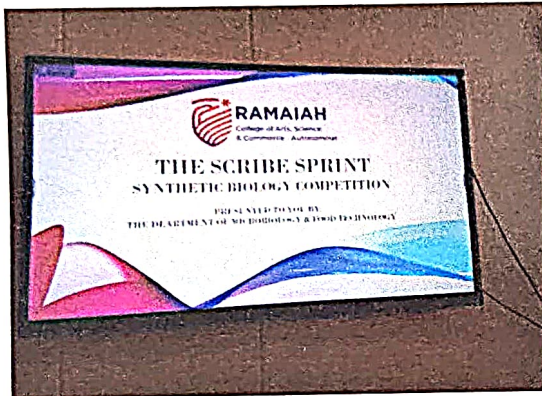

Conclusion

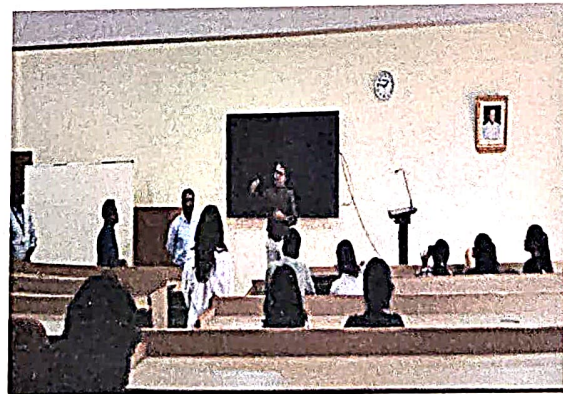

Quantaverse 2025 was not just a fest, but a celebration of science, creativity, and youthful energy. It provided UG and PG students a valuable platform to exchange ideas, demonstrate their talents, and develop a spirit of healthy competition. The event successfully achieved its objective of fostering scientific temper and interdisciplinary learning among young scholars.
