

NATIONAL LIBRARIAN'S DAY CELEBRATION

130th birth anniversary of **Dr. S. R. Ranganathan** is celebrated on August 12 every year. He is considered a **Father of Library and Information Science in India** and his contributions to the field are his five laws of library science and the development of the first major faceted classification system, the colon classification used widely in libraries today.

'**National Librarian's Day-2022**' was commemorated in our college on August 12, 2022 and as a part of other activities, the Department of Library and Information Centre organized a '**One Day Library E-Resources Orientation Program (LEOP) on ProQuest, (Support for academic research with ProQuest resources)** for faculty members'.

Our Principal Dr. Vatsala G. inaugurated the program, which was coordinated by Mr. V B Bentoor, Librarian and the Resource Person of the program was Mr. Srijith Sasidharan, Training and Consulting Partner of ProQuest Database.

The program was very insightful and it gave the faculty sufficient information on ProQuest usage.
