Report on

Seminar: Tips for Writing Technical Research papers

Date: 18/5/2022

Time: 12.00 PM

Venue: Class Room

Resource Person: Ritu R

Participants: II and III year BCA and BSc(EMCs) students

Coordinator: R Srividya

Objective of the program:

1. To provide knowledge to students in making a technical paper in conference proceedings.
2. To encourage the students to participate in the conference and publish their papers.

The Seminar was conducted by the department of Computer Science for BCA and BSc (EMCs) students. The Resource person was Ritu R, Asst. Professor, Electronics department, MSRCASC. Initially the resource person started the session with "essential parts of a scientific paper". She started explaining every section in the paper publication by showing different examples. She explained by presenting the slides related to every section. She told the students how to select the title, how to write the abstract, include keywords, diagram representation, acknowledgements, conclusion, finally the reference list and many other essential points to be included while preparing a conference paper. Finally, she showed an example paper displayed on screen to give more clear view to students to participate and publish their papers.

Highlighted topics of the Seminar:

- Explanation related to each section in paper making
- Making power point presentation
- Showing one presented paper as an example

The session was really interactive and involved student's active participation. The students gave a positive feedback about the session.
