An awareness program on Microorganisms

Organized by

Department of Microbiology

**Objective-To create Awareness on Tuberculosis, General Health
and Hygiene"**

Event Co-ordinator:

Dr. Prasanna Srinivas

Associate Professor,

Department of Microbiology,

Contact Number: 9880126506

About the College:

Dr. M S Ramaiah, a visionary and philanthropist established "Gokula Education Foundation (GEF)", in the year 1962, to deliver education and healthcare for the betterment of mankind. Under the tutelage of GEF, Ramaiah College of Arts, Science and Commerce (RCASC) was established in 1994. RCASC is Re-accredited with "A" Grade by NAAC, Permanently affiliated to Bengaluru City University (BCU), and approved by AICTE. It is also recognized under section 2 (f) & 12(B) of the UGC Act 1956. It has produced several rank holders and has alumni in distinguished institutions all over the world. The College has a legacy of organizing National Conferences and workshops in various disciplines of Science, Commerce and Management in addition to Quality Initiatives in Higher Education.

Department of Microbiology

The Department of Microbiology, established in the year 1999, offers both undergraduate and postgraduate courses. The faculty of the department are highly qualified with experience and expertise in various domains of Microbiology. The department has very good infrastructural facilities to carry out teaching and research activities. The theory and practical classes lay emphasis on 'problem based learning', knowledge content, utility value, application in real life, latest developments etc. The department is undertaking research projects in the major thrust areas of microbiology and attracted funds from various agencies. Also, the faculty of the department carry out multi-disciplinary research programs, encourage students to carryout in-house research projects, present papers, publish their research work and to participate in co-curricular and extra-curricular activities.

About the program

TB remains one of the world's deadliest infectious killers. Each day, over 4100 people lose their lives to TB and close to 28,000 people fall ill with this preventable and curable disease. Global efforts to combat TB have saved an estimated 66 million lives since the year 2000. The theme of World TB Day 2022 - 'Invest to End TB. Save Lives.'

Microorganisms have directly or indirectly always have effects on our health and hygiene in daily life. Microorganisms are found everywhere and the subject microbiology is the systematic study of microscopic life forms. It is important to create interest and awareness about TB and health and hygiene to school children in order to spark curiosity and awareness in them.

In this regard Ramaiah College of Arts, Science and Commerce is keen in creating awareness and has organized a program for school children with posters and talk presentation by the PG Microbiology students.

Report on
Extension activity
on

"AWARENESS ON TUBERCULOSIS AND GENERAL HEALTH AND
HYGIENE"

Objectives: To create awareness about the microorganisms, infection and control as a health and hygiene. An Awareness on Tuberculosis as a pandemic infection.

Venue: Sri Yogi Narayana Mutt in Kaiwara, 60 kms from Bengaluru, Karnataka

Date of conduction: 17/ 09/ 2022

No. of Participants:- Awareness among the people in the streets of Kaiwara residential surroundings and Market area.

The Department of Microbiology conducted an extension activity in association with NCC & NSS students on 17th September 2022. The event was to educate the general public about the pandemic infections like Tuberculosis, Polio, Hepatitis, etc. The Under graduate students and few Post graduate students of Microbiology with the NSS students were involved in preparation of posters and placards to help the people in understanding the effect of microorganisms and their influence on Human Welfare.

The event was conducted at Sri Yogi Narayana Mutt in Kaiwara, 60 kms from Bengaluru, Karnataka, home town of our beloved Dr. M.R. Ramaiah, to reach the common people to share and bring awareness among the people about infections and their control mechanism. About 40 participants including students and staffs took part in the awareness

programme by displaying the posters and placards to inform the people residing at Kaiwara about the importance of health and hygiene.

As the occasion of "World Tuberculosis Day"- March 24, this extension activity helped in creating awareness on Tuberculosis among the village people. The main emphasis was on the hygiene and intake of healthy food to develop a better immunity and resistance power.

Students and staffs explained the public with the placards how important it is to maintain cleanliness in public, personal and private.

After the lunch at Kaiwara temple students and staffs visited the Physical and mentally challenged students managed by M.S. Ramaiah hospital doctors at Kaiwara campus. The school children were also informed about the awareness of our environment, awareness of tuberculosis, cleanliness to be followed indoors and their surroundings. They were also taught how importance our environment is, through the sign language as some of the students were deaf and dumb. Their response was very positive. Students and staffs of MSRCASC donated funds, distributed juice to all the teachers and students of the school. School children sang and danced for filmy music, it was a very memorable cherishing moments, unforgettable and respect for the faculties handling those challenged children who are future of India coming from distance villages of Kaiwara. The program was ended with vote of thanks to the School teachers and children, honouring our national anthem. Reporting back to Bengaluru MSRCASC campus was by 5:30pm.

Outcome of the Activity:

TB prevention program aims to eliminate TB as a public health issue by coordinating and focusing disease-control activities on three main goals: Rendering all individuals with active TB disease as non-infectious. Ensuring all individuals with latent TB infection remain non-infectious.

“BHASHOTSAVA”**2021 - 2022****7/03/2022**

On March 7th 2022, MS RAMAIAH COLLEGE OF ARTS SCIENCE AND COMMERCE organised an excursion to **kaivara** located near **chikkaballapura** district in Karnataka. The excursion was organised by the language department of our college and was named as “**BHASHOTSAVA**”.

We left the college at 9 AM through the college bus and reached there at around 12 PM. In this place we got to know that **Saint Narayanappa** also known as **Yogi Nareyana**, **Kaivara Taatayya (1730-1840 AD)** meditated in the cave of kaivara. We got to know that

M. Ramaiah College of Arts, Science & Commerce

Scanned with CamScanner

Scanned with CamScanner

Later on the way we randomly visited a **SCHOOL OF SPECIALLY ABLED KIDS** which is operated by "**SPANDANA TRUST**". There we met souls who were mentally challenged but still pure by heart and nature. We were happy to see them enjoying with us, dancing and singing with us and expressed their joy. We were mesmerized to see those beautiful souls with abundance of hidden talents in them for example many kids won district level awards in sports and various fields. We also distributed chocolates to them which brought a big smile on their faces. By looking at those kids we felt how blessed and lucky we are for leading a normal life with less struggles as compared to them.

KAILASAGIRI PARVATHA

Heela
Principal,

M.S. Ramaiah College of Arts, Science & Commerce
MSRIT Post, MSR Nagar
Bangalore - 560 054

Scanned with CamScanner

Then we had delicious feast in the temple for our lunch. We sat at the corners of the temple with our friends and clicked some pictures and felt the cool breeze of the air. After a while again we jumped into the bus and continued our journey to the **KAILASAGIRI PARVATHA** where we got to see huge mountains, amazing sceneries of nature. We visited the cave temple of kailasagiri parvatha and seek blessings from **JAGATH PITHA SHIVA, JAGANMAATA MAHADEVI AND VIGNAVINASHAKA GANESHA**. We also took some group pictures with our teachers and friends then captured the beautiful sceneries of the environment.

Later while coming back we visited **AMARANARAYANA SWAMY TEMPLE** where we got to know the history of **KAIVARA TATAYYA** such as where and how he devoted himself for meditation. We also got to see his idols stating how he attained **JEEVANTHA SAMADHI** in order to gain **SALVATION** (Moksha).

Amaranarayana Swamy Temple

At 5:30 in the evening we took a snack break at a stall. On the way back in the bus we cheered and enjoyed in the bus dancing with our friends, playing antyakshari and truth or dare with our friends and teachers. We reported back to college at 6:30 in the evening. 37 students and 07 faculties are visited the place.

the holy Saint Tatayya was graved alive (jeevasamadhi) so for this reason people of that region treat this place as an auspicious one filled with positive energy. We also got to see the beautiful carvings on the walls of the temple and also took the blessings of the lord.

The journey from the entrance to the Pyramid — through beautiful landscape of rocks, lush green gardens, soothing water bodies and pathways — helps you transcend the mind towards calmness.

The peaceful meditative Buddha at the entrance of the Pyramid is a perfect setting to be one with yourself.

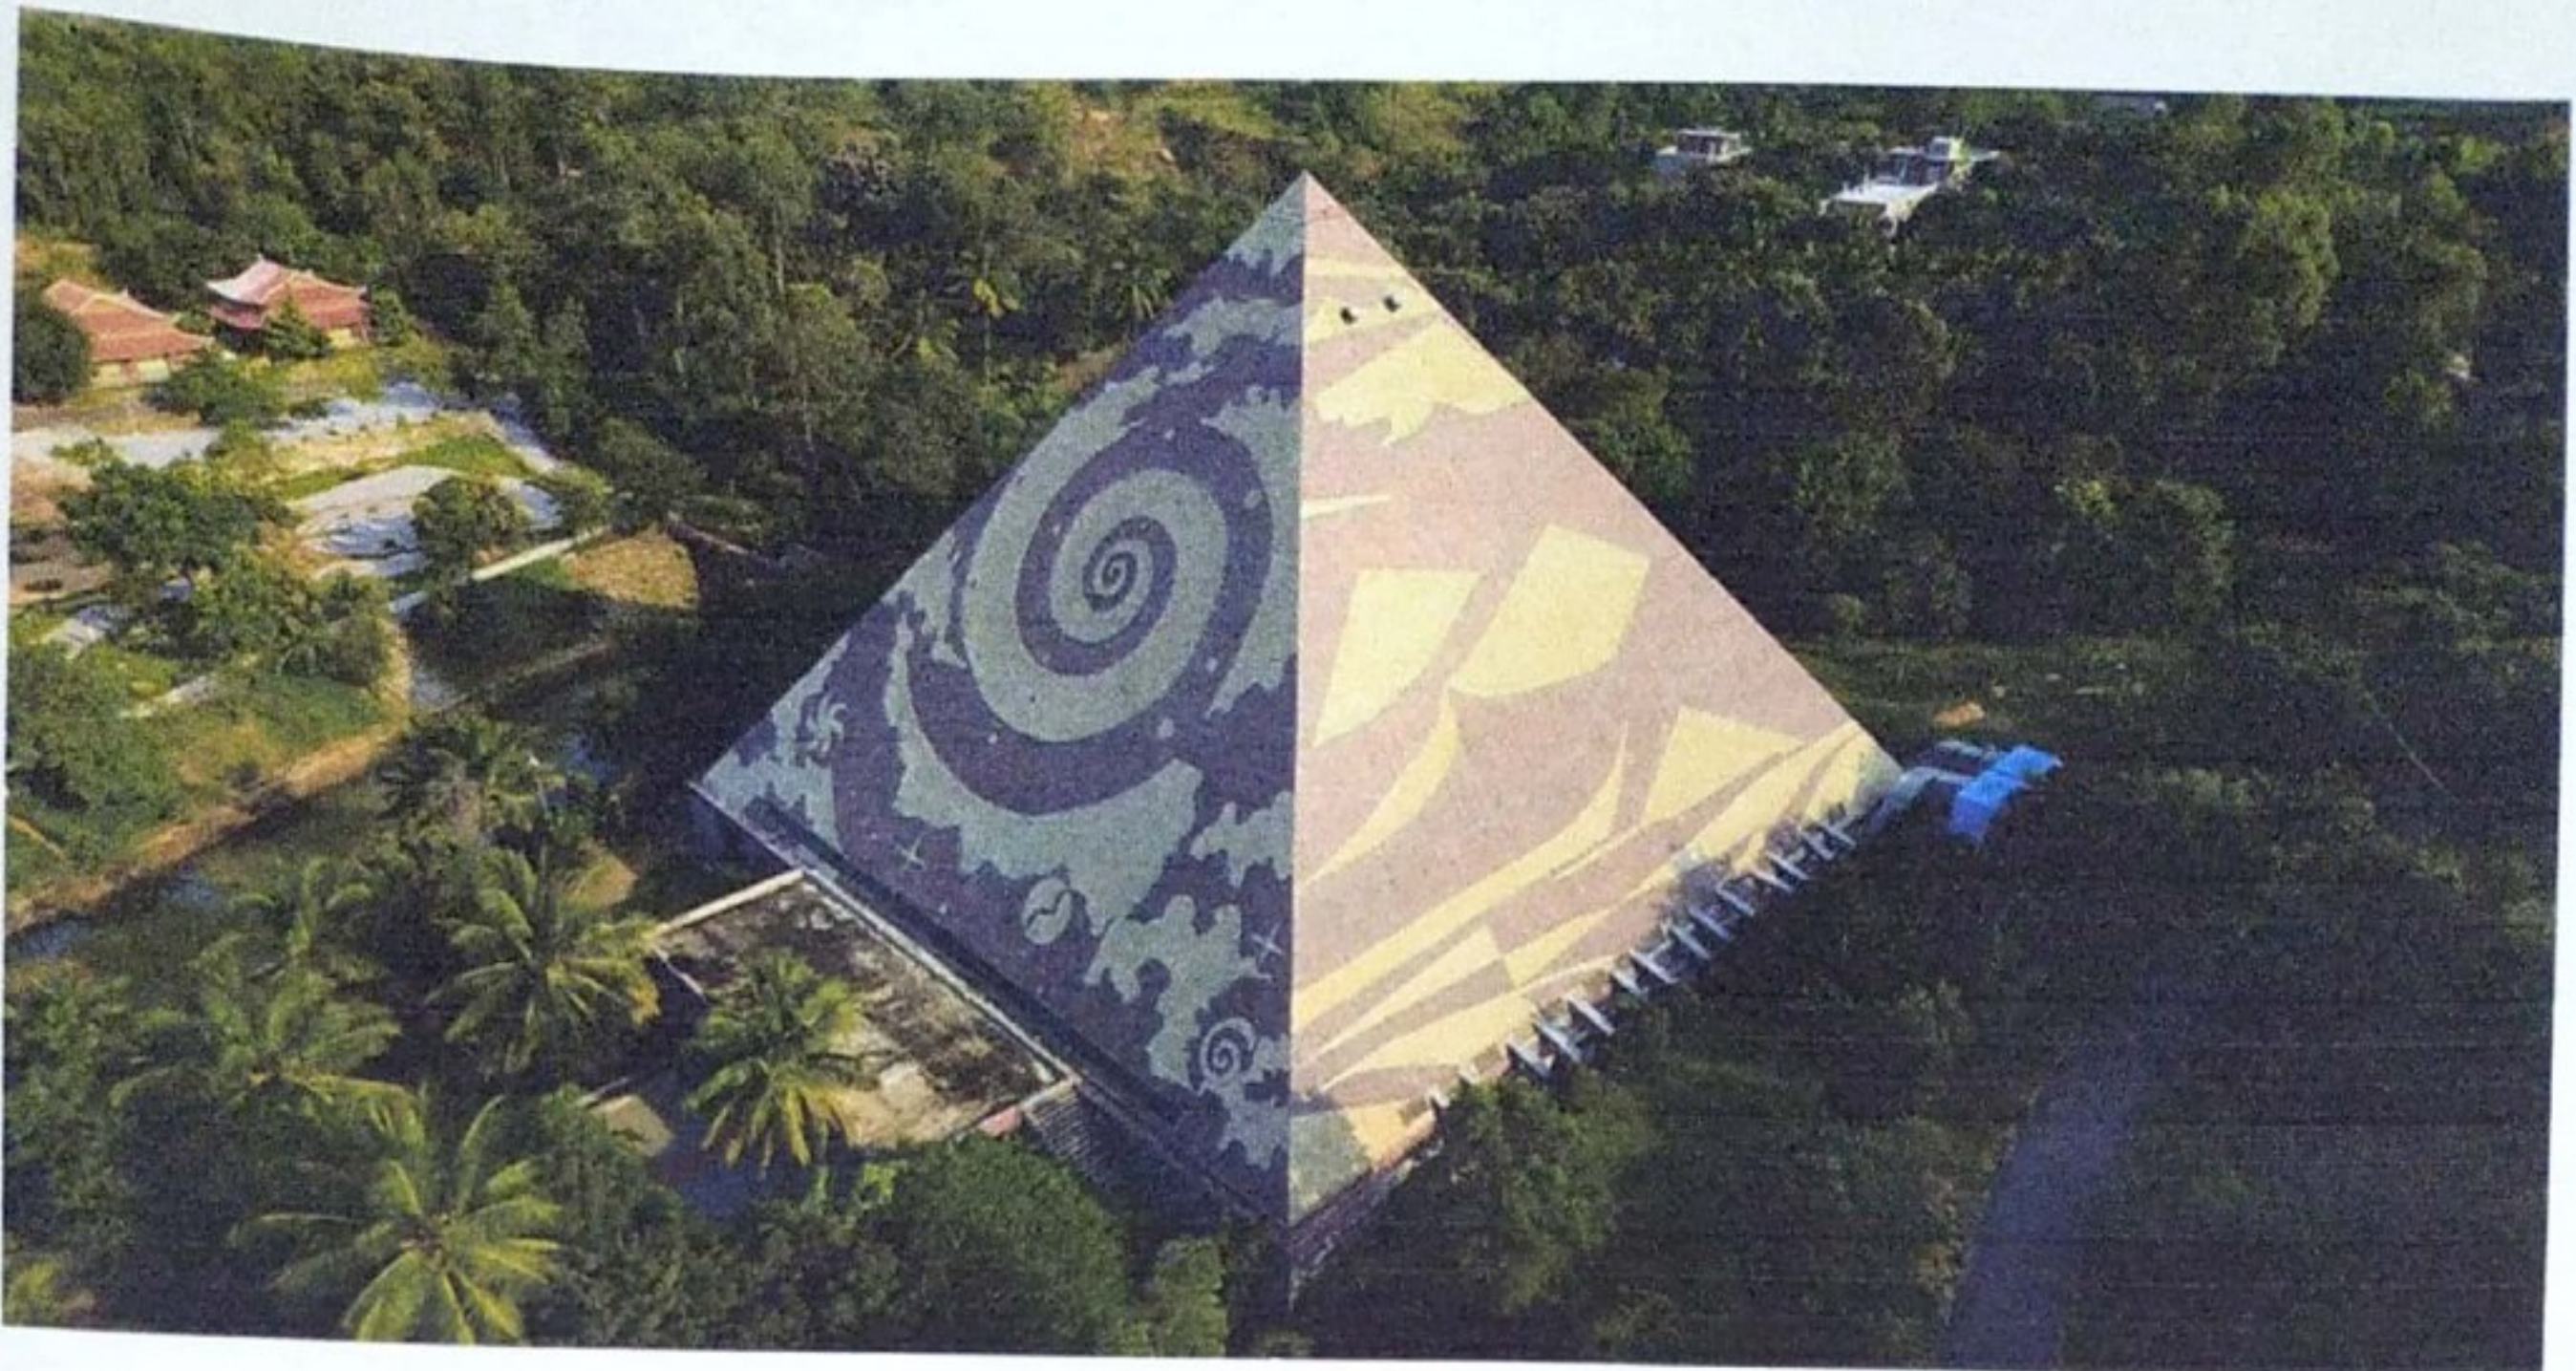

At this place we got to know that Brahmarshi Pitamaha Patriji, a spiritual master taught the meditation for many people. Patriji started an organisation called Pyramid Spiritual Societies Movement in 1990. And this Pyramid Valley was built in 2007 in the outskirts of Bengaluru. It is a paradise where the spiritual and emotional needs are met. You can relax, meditate, be one with nature, or experiment by learning new life skills. It is also a place to encounter the experiences of world's spiritual masters, and develop a holistic approach to life and learning.

The Maitreya Buddha Pyramid inside the Pyramid Valley occupies a base area of 160' x 160' and is as tall as a ten-storey building at a 102 ft. height. It can accommodate about 5,000 meditators at a time.

The Pyramid is constructed on the principles of the Great Pyramid of Giza. Oriented exactly in the North – South direction, the four faces of the Pyramid have the golden angle of inclination at $51^{\circ}50'$. The King's Chamber is located at the centre of the Pyramid, at $\frac{1}{3}$ rd the height from the base of the Pyramid. According to the Masters there, **King's Chamber** absorbs a lot of cosmic energy from the cosmos.

Thousands of people meditate daily inside the Pyramid and hence there is stupendous energy available for everyone to get recharged.

We also got to see the beautiful carvings of Lord Buddha on the walls of the Pyramid and also took the blessings of the lord. The Spiritual books related to meditation were kept for references and to purchase not only that many materials were there for purchase.

At 11.30 A.M, a discourse related to the meditation was held. Two of the masters explained in brief about pancha pranas and breathing exercises. And also made the students and faculties practise the breathing exercise for more than an hour.

Later at 1 P.M lunch was arranged for everyone. It was a delicious feast. After the lunch the students enjoyed walking the different places and the beauty of the nature.

**BLOSSOMS SCHOOL
BAGALGUNTE MAIN W NO 14
BENGALURU NORTH**

Organized by

Department of Biotechnology and Genetics
M S Ramaiah College of Arts, Science and
Commerce Bengaluru – 560054

Important Dates

Date of Event & Activity : 14-02-2022

About the College:

Dr. MS Ramaiah, a visionary and philanthropist established "Gokula Education Foundation (GEF)", in the year 1962, to deliver education and healthcare for the betterment of mankind. Under the tutelage of GEF, M. S. Ramaiah College of Arts, Science and Commerce (MSRCASC) was established in 1994. MSRCASC is Re -accredited with "A" Grade by NAAC, permanently affiliated to Bengaluru City University (BCU), and approved by AICTE. It is also recognized under section 2 (f) & 12(B) of the UGC Act 1956. The College has a legacy of organizing workshops, international and national conferences in various disciplines of Science, Commerce and Management in addition to Quality Initiatives in Higher Education.

About the Department:

Department of Biotechnology and Genetics in M.S.Ramaiah College of Arts, Science and Commerce, was established in the year 2000 offering both UG and PG programs. The main objective of the programs is to provide conducive learning environment for the students and to mitigate the shortage of biotechnologists in the field of food, agriculture, medicine and environmental management. Highly qualified and experienced faculty members deliver the lectures and conduct the practical in various subjects as per the curriculum developed by the Bangalore City University. The department focuses mainly on teaching the basics, applications and hands-on-training in a state-of-the-art classroom and laboratory environment. It also facilitates students to broaden their knowledge for multitasking opportunities by conducting various curricular and extracurricular activities.

About the Programme:

Go beyond classroom learning

School and colleges are governed by timetables, standards, assessments and curricula. Not very often are children given the opportunity to learn outside of these formal structures, try something outside of their comfort zone or come into contact with a whole new set of peers. This is a kind of thinking out of the box. The best extracurricular programs may support academic studies, but they should also deliver an experience which takes children far above and beyond the time they spend in school/college.

Hence, the current activity is designed to learn collaboration, teamwork, leadership skills and the importance of working together despite differences to reach a common goal. Practicing these skills and building relationships with non-school peers can set young people up for a lifetime of healthy and productive professional and personal relationships.

It has possible to use extended learning activities to provide balance for the students. This will benefit at both the ends (school children as well college students) to focus concentration, provide calm, quiet space, which require social interaction. Whatever the unique needs of a child we can help provide equilibrium and take care of their wellbeing.

Modelling Goals & Purposes:

- Represent and build system understanding.
- Integrate knowledge within a course, a majorly, or across an entire program of study to associate concepts.
- Explain or predict relationships among concepts, structures, or species.
- Illustrate the dynamics of a system over time.

Objectives of the Program

- To give students opportunities to engage and conceptualize discoveries in science.
- To develop an awareness and knowledge on skill learning with the scientific models.
- Popularize scientific spirit amongst the younger minds.
- Kindle the young minds to become creative

Outcome of the Program:

- Students will broaden their scientific thinking and
- increase the problem solving skills.
- Motivating the students to embark scientific path

Benefits for participation the event:

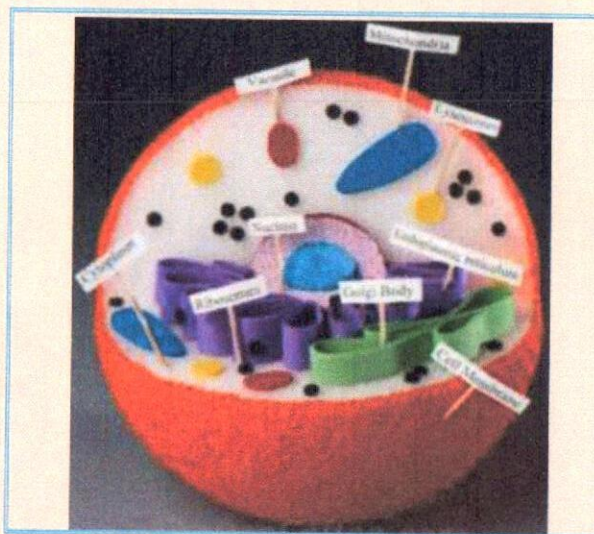

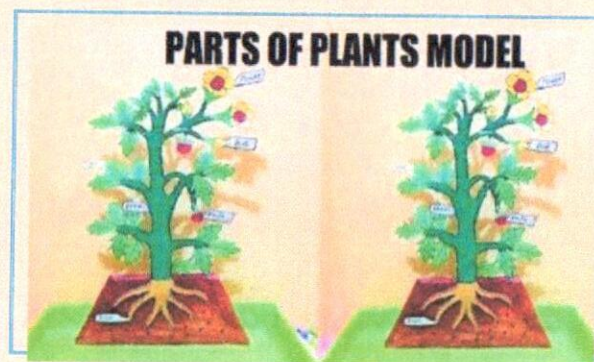

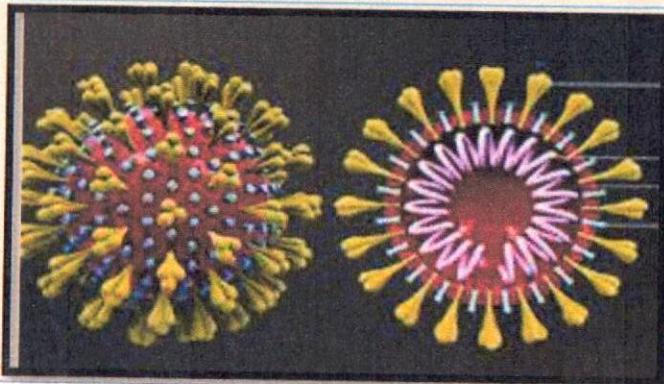

- It provides a platform to develop a real learning for the students
- It will help our students to showcase their skills and talent through model building and sharing their ideas with the school children.
- It will also improvise on the presentation skills of the students and develop team work amongst them.

Report on Extension & Neighbourhood activity, an awareness Program Best Practice of Department

Department of Biotechnology/Genetics organised Extension & Neighbourhood activity in association with Environmental Committee (IQAC initiative) an awareness on, "Skill based Scientific Model Building", for School and Junior college students of neighboring institutions in Bengaluru, on Monday, 14/02/2022.

Two Institutions were visited (i) Blossoms School Bagalgunte Bengaluru North.

(ii) Acharya Gurukula PU college, Bagalagunte, Bengaluru.

No. of Participants: 31 students

About the Programme:

To go beyond classroom learning

The activity was designed to learn collaboration, teamwork, leadership skills and the importance of working together despite differences to reach a common goal. Practicing these skills and building relationships with non-school peers can set young people up for a lifetime of healthy and productive professional and personal relationships. It's possible to use extended learning activities to provide balance for the students. This will benefit at both the ends (school children as well college students) to focus concentration, provide calm, quiet space, which require social interaction. Whatever the unique needs of a child we can help provide equilibrium and take care of their wellbeing.

Objectives of the Program

To give students opportunities to engage and conceptualize discoveries in science.

To develop an awareness and knowledge on skill learning with the scientific models

Popularize scientific spirit amongst the younger minds

Outcome of the Program:

- Students will broaden their scientific thinking and increase the problem solving skills.
- Motivating the students to take up their career in science

Benefits of participation to students:

- It provides a platform to develop a real learning for the students

Principal,
M.S. Ramaiah College of Arts, Science & Commerce

**Extention Activity
Organized by
Environmental Committee
(an IQAC Initiative)**

**Date: 21 March 2022
Time: 10: 30 am -12:30pm**

About Forest Day

The United Nations General Assembly proclaimed 21 March the International Day of Forests in 2012 to celebrate and raise awareness of the importance of all types of forests. The theme for 2022 is “Forests and sustainable production and consumption. Food, clothing, shelter and other by products comes from forest, providing habitats for animals and livelihoods for humans. Also offer watershed protection, prevent soil erosion and mitigate climate changes.

Objective of the Programmes

- To raise awareness of the importance of all types of forests.
- Promoting synergies between climate change mitigation and adaptation across landscapes.

About College

M. S. Ramaiah College of Arts, Science and Commerce was established in 1994 by our founder Late Dr. M S Ramaiah offering both undergraduate and post graduate degrees offered by Bangalore University in Arts, Science and Commerce and Management streams. The college is approved by AICTE, New Delhi, recognized by the Government of Karnataka. The college is also recognized by UGC under 2 (f) and 12 B of UGC Act 1956 re-accredited “A” grade by NAAC. The college offers 8 UG courses and 6 PG courses in Arts, Science, and Commerce, to around 2700 student.

Report on World Forest Day – 2022

International Day of Forests is observed every year on March 21 since 2012. The day aims to raise awareness regarding the importance of all types of forests. The International Day of Forests was established in 2012 by the Food and Agriculture Organization of the United Nations (FAO). All countries are encouraged to undertake local, national and international activities involving forests and trees, such as tree-planting campaigns to commemorate World Forestry Day. The International Day of Forests 2022 theme is “Forests and sustainable production and consumption”. The theme for each World Forest Day is chosen by the Collaborative Partnership on Forests (CPF).

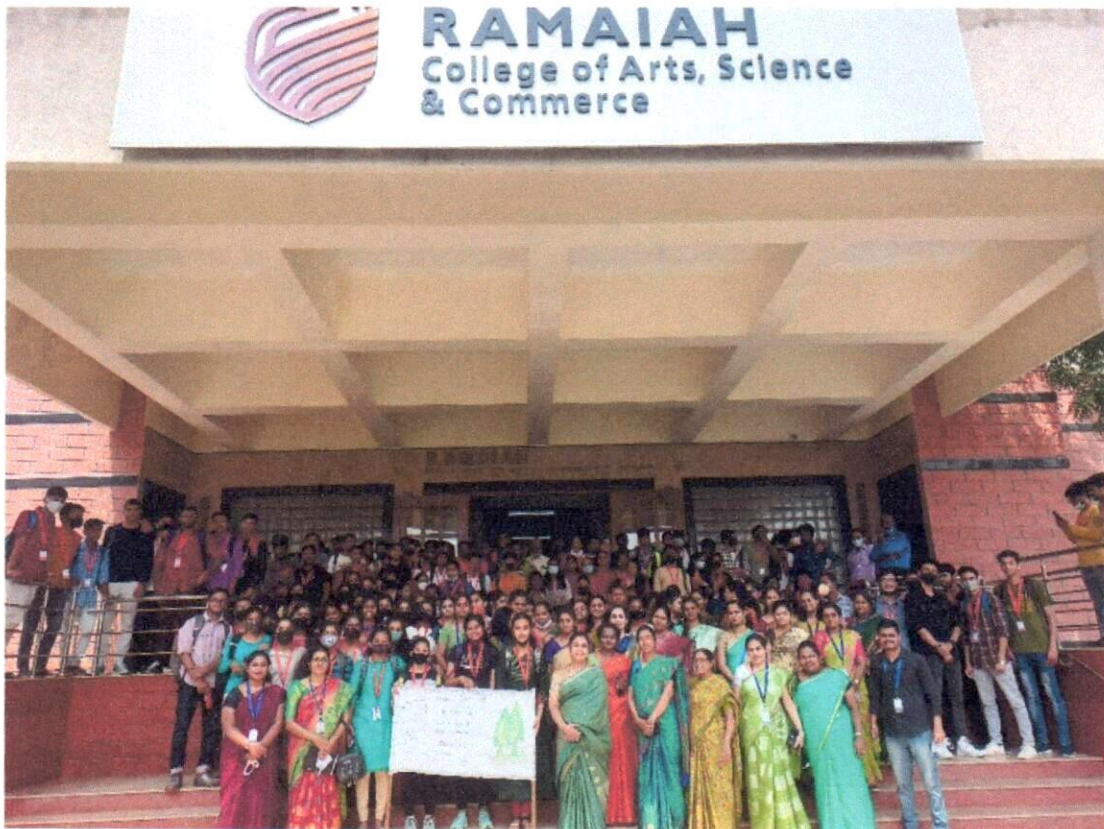

The main objective of the programme was to raise awareness of the importance of all types of forests, promoting synergies between climate change mitigation and adaptation across landscapes. More than 300 participants involved in “Insight Sustainable Trees Production and Consumption” MSRCASC, CAMPUS, Bengaluru.

Environmental Committee organized World Forest Day as an extension activity 10:30 am to 12:30 pm involving students, teaching and non teaching staffs in sighting the herbs, shrubs and trees in and around M.S. Ramaiah College of Arts, Science and Commerce campus. Prof. Jayashree DR, Resource person, Department of Biotechnology and Genetics, MSRCASC, Bengaluru, explained practically the importance of herbs, shrubs and trees. MSRCASC surrounds more than 100 medicinal plants, some of them were timber yielding, some trees yields biofuels and other were ornamental but economically important. Most of them were colourful shrubs yielding beautiful flowers, which attract butterflies and bees, natural pollinators. Many birds and rodents, snakes lizards, beetles, are also found in the campus garden. Approximate Environment audit survey reports 125 herbs, 86 trees and 62 shrubs. Dry leaves and twigs are decomposed in the garden making use of microorganisms from Microbiology and Biotechnology laboratories as a naturalorganic fertilizers reused for the garden areas. Also, vermicompost pits are maintained. Madam also, explained how *Michelia champak* dried flowers petals are collected by the vendors to reuse for scenting the agarbhat. The program ended with distribution of ice-cream to all the participants as it was too sunny, moving around the campus. Students noted down the Florae names and its economic importance.
