About College

Dr. M S Ramaiah, a visionary and philanthropist established "Gokula Education Foundation (GEF)", in the year 1962, to deliver education and healthcare for the betterment of mankind. Under the tutelage of GEF, Ramaiah College of Arts, Science and Commerce (RCASC) was established in 1994. RCASC is Re-accredited with "A" Grade by NAAC, Permanently affiliated to Bengaluru Central University (BCU), and approved by AICTE. It is also recognized under section 2(f) & 12(B) of the UGC Act 1956. It has produced several rank holders and has alumni in distinguished institutions all over the world. The College has a legacy of organizing National Conferences and workshops in various disciplines of Science, Commerce and Management in addition to Quality Initiatives in Higher Education.

Report on FDP on Preparation for UGC – NET: Paper 1

Resource person: Mr. Chetan, Trainer, Pro-Edge

Venue: Seminar Hall

Date: 21.02.2022 to 03.03.2022

Time: 2pm - 4 pm

Number of participants: 17

The Department of Commerce had organized an FDP on Preparation for UGC-NET: Paper 1 from 21.02.2022 to 03.03.2022 for the faculties and PG students. The resource person for the session was Mr. Chetan.

Objectives

The main objective of this session was to enable the participants to crack UGC-NET exams. The session provided different techniques to solve the problems with less time. The session discussed about the concepts in UGC NET paper 1. It also focused on enhancing the professional knowledge, reasoning ability and arithmetic intellectuality. Logical understanding and applicability in right manner is also one of major outcomes of the session.

The techniques used in the sessions made the quantitative aptitude easier and faster to solve. These techniques are important to solve it quickly as time taken is important during the examinations. The calculation of multiplication, division and decimals were made simple through the session.

The session further discussed about the clocks, time taken. Formulas also were used wherever required. The concepts on calendar were also discussed during the session. The differences between the leap year and ordinary year, the usage of odd days and their applicability to find the past or future dates were discussed. Coding and decoding was also a part of the session. The different techniques used in coding was discussed.

The session educated about the concept of number series, different techniques used to find the missing value was explained in detail. Apart from these, the different ways to find out the missing values were also discussed. Blood relations was also one of the very significant topics that was discussed. Understanding the relations, their generations was discussed. This concept was made easy to understand by the usage of different techniques.

Determination of percentages with fractions and decimals were discussed. The calculation of different problems on profit and loss was done. In Ratios and proportions, the faster method to find ratios were explained.

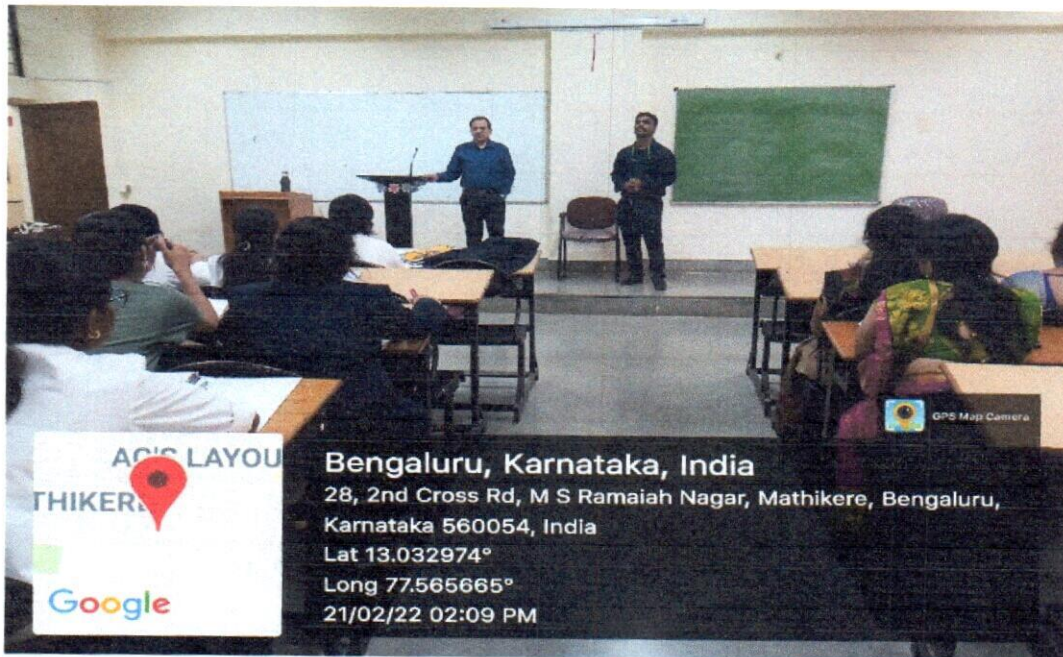

The concepts of time, distance and speed was taught using different formulas. The logics used to easily calculate time, speed and distance was discussed. The appropriate way to analyze syllogism was explained during the session. The statements and the way to analyze the solution was discussed. Analogy and Venn diagram was also briefed. The basic relations with different elements were discussed and usage of the Venn diagram was also used.

OUTCOME

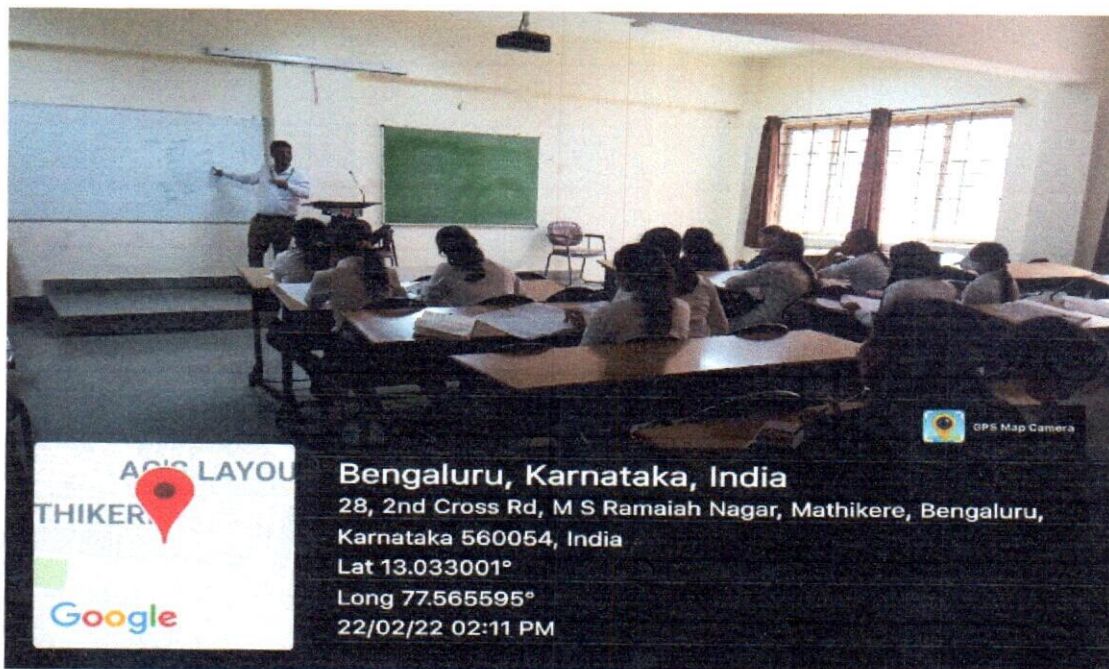

The sessions enhanced the knowledge level amongst the participants about UGC-Net paper 1. High difficulty level problems were taught with simple and quick problem-solving methods. The sessions enabled the participants to understand the simple techniques used for solving the problems.
