**Objective: To understand the justice delivery mechanism from the perspectives of women litigants**

A Guest Lecture seminar was organized by the 'Equal Opportunity Cell' on 23/10/2021 on the topic "Victimization Of Women In Justice Delivery System". The resource Person was Mrs Sampada Gajre, Advocate, High court Hyderabad.

Resource person spoke how women has to struggle for all opportunity and was explained by taking example of Lord Rama who struggled fourteen years to gain a throne, same way we women are also struggling for our rights since the society is dominated by men . But if we see our history there were many social leaders who fought against the women discrimination, abolition of sati ,child marriage and etc. Every girl child should be educated Ensure decision making . In the session she spoke how to give justice to women by including women as decision maker, and equal representation of women in all decision making. The session was all about how to empower women and what are the elements should be taken and proceeded on process to give justice for women and bring equal opportunity to women in this present world. Then a small awareness was given about all the laws which could help the women to file a case against all the harassments and abuses been posted on a women in work place, public place, school, college etc.. benefits like Maternity period leave with allowance and other advantages were mentioned. also told that Justice is to follow the law by whole universe and which is not given in free of cost to everyone and especially women. Justice is to be achieved by our struggle and hard work. Justice helps the society to take decision where there is no law and rules are followed. The resource person told that there are two systems followed one is Advisor system and Inquisitorial but in our country Advisor system is followed in which the practice in which the opposite party should advice and they have to compete the court that the version provided by them is more convincing than the other party. Then few information and instructions are given about the court activities and how it works. The case being investigated and explained by both the parties and a clear Judgment is given by the Judge by holding onto the Justice. In this system the accusation posed on a person is still innocence till the accused is he himself is felt guilt for the mistake done. The main aim or feature of Advisor system is to achieve Justice. Finally the session came to an end with t group discussion . Narayan sir from Management studies appreciates and asked a query about men harassment acts and sir got a clear view. Then LGBT law was explained and given a clear view that is it is unlawful. Then a question was asked by a Faculty member about "Contempt of court" the judgment given by the judge is final and we won't be able to question but why it is judge refers or writes around 500-700 pages and got a clear view that all the investigated and previous higher officials are report together it becomes a huge bundle of sheets.

Outcome: A woman friendly mechanism is imperative to achieve the goal of gender justice.

## Independence day

2021-2022

On 15th August, our country India became independent from the colonial rule of the Britishers after a long battle of freedom struggle. The story of the freedom movement is already known to every Indian since childhood. From people suffering to breathe free air to fighters sacrificing their life for the country, the freedom movement has been an integral part of every Indian even after the country achieved liberty. Pandit Jawaharlal Nehru became the first Prime Minister of our independent India and hoisted the Indian national flag at the Lahori Gate of the Red Fort in Delhi. The moment was indeed special and his words touched every Indian. He said, "Long years ago, we made a tryst with destiny and now the time comes when we shall redeem our pledge... At the stroke of the midnight hour, when the world sleeps, India will awake to life and freedom." His speech impacted millions of lives and contributed to the unity and power of the country.

75TH INDEPENDENCE DAY CELEBRATIONS 2021, PLATINUM JUBILEE OF OUR NATION'S FREEDOM is celebrated in the Ramaiah College of Arts Science and Commerce with great patriotic fervor. The College celebrated this day along with all the other sister institutions of the Gokula Education Foundation (GEF) (GS) on zoom meeting. The Chief Guest was Sri. M.R. Seetharam, The Vice-Chairman of the Group who unfurled the National Flag. Heads of All the Institutions, faculty, Staff and Students took part in the celebrations with great enthusiasm and fervor on zoom meeting. Student's groups from all the institutions present sang patriotic songs, performed dances and skits around the theme of India's Independence and the freedom struggle on zoom meeting.

Speaking on the occasion the Chief Guest Shri. M.R. Seetharam said that the way we are growing is an example for many and is even big support to many developed countries. We have one of the best world-class soldier team, we have one of the best cricket legends, growing up in different sports and being a participant of big events like commonwealth, Olympic, and many other sports events. We have reached great strides in not only the various sectors of the economy but also in fields such as sports, entertainment, technology, science etc. This development is part of our tribute to the freedom fighters struggle who gave up their lives to give us this moment of living. We should feel lucky and should be thankful to them for this present standard of living.

Two talks were arranged by the centre of holistic education and DISHA BHARAT on account of 75th Independence day celebrations 2021, platinum jubilee of our nation's freedom by Dr. Rakesh Batabyal (Associate Professor, Centre for Media Studies, Jawaharlal Nehru University- New Delhi) on 5<sup>th</sup> AUGUST 2021 at 2.30-4.00 PM on the Topic: The Indian National Movement: Its Foundations and Legacies

She told the story of searching the God by Narendranath Datta, a young and intelligent scholar who wanted to search for God. During his search, he met numerous wise men but none of them were able to satiate his curious mind. Finally, he met a mystical yogi named Sri Ramakrishna Paramhansa at Dakshineswar. "Sir, have you seen God?" was the first question young Narendranath asked Ramakrishna. Ramakrishna promptly replied, "Yes, I have seen God. I see Him as I see you here, only more clearly. God can be seen. One can talk to him. This meeting proved to be a turning point in the life of Narendranath. Although Narendranath had met so many preachers and followers of God, he could not find a single person who would claim that he had "Seen" Him. Narendranath was so impressed with this meeting that he started visiting Ramakrishna daily. However, after a few visits, Narendranath told Sri Ramakrishna Paramhansa that he might be monomaniac and that is what made him imagine that there was a God to whom he was talking. Paramhansa just smiled and suddenly placed his right foot on Narendra's chest and provided him with a glimpse of His supreme vision which had left Narendranath in a trance. Thus, started his journey from Narendranath to Swami Vivekananda.

She also talked about his visit to Chicago- Swami Vivekananda gave message of spiritual unison and creating new consciousness amongst youth. Swami Vivekananda represented India and consequently, Hindu Dharma in a world conference was held in Chicago for all religions in the year of 1893. Swami Vivekananda gave a message of spiritual unity to the world in this conference. He also emphasized that along with spiritual progress, materialistic / worldly progress was equally important. Swami Vivekananda's guidance helped to generate new consciousness and enthusiasm amongst the youth. Swami Vivekananda awakened patriotism and enthusiasm amongst people through spiritual discourses.

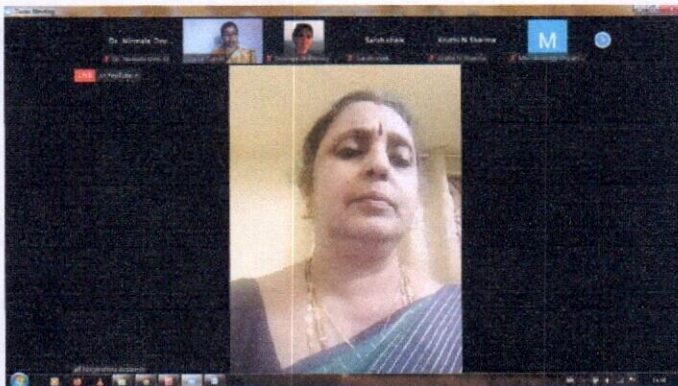

Among the various ways which Swami Vivekananda suggested to rebuild the Indian Society, Education was the primary means for empowering the people. He once said, "The education which does not help the common mass of people to equip themselves for the struggle for life, which does not bring out strength of character, a spirit of philanthropy, and the courage of a lion- is it worth the name? Real education is that which enables one to stand on one's own legs." For him, education meant secular learning that built character and instilled human values in students. And as Swami Vivekananda once exhorted, "Arise ! Awake ! And stop not till the goal is reached", let us all unite for the country with Purity, Patience and Perseverance as the Swami felt long ago.
