**Ref:****02-11-2022****CIRCULAR****DEPARTMENT OF BIOTECHNOLOGY AND GENETICS**

This is to inform all the V Sem B.Sc. Lifescience students that the Department of Biotechnology and Genetics, M S Ramaiah College of Arts, Science and Commerce, Bengaluru is organizing a 6 days Value added course on “**Study of Basic techniques in Animal cell culture**” from 14<sup>th</sup> to 19<sup>th</sup> November 2022.

Interested participants can kindly register offline. Certificates will be provided for the registered participants on successful completion at the end of the Course.

**Inaugural Guest:****Prof. Chandra Prabha M N**, HoD of Dept. of Biotechnology, MSRIT, Bengaluru.**Resource Persons: Ms. Shweta Kumar**, Post Scholar, Dept. of Microbiology and Cell Biology, IISc, Bengaluru**Dr. Anupama**, Asst. Professor, Dept. of Microbiology and Biotechnology, Bangalore University, Bengaluru**Dr. Sowbhagya R**, Asst. Professor, Dept. of Biotechnology, MSRCASC**Dr. Muktha H**, Asst. Professor, Dept. of Biotechnology, MSRCASCRegistration Fee: **NIL**

No. of Participants limited to 120

For registration contact Dr. Geetika Pant and Dr. Pavithra Kumari H G, Asst. Professors, Dept. of Biotechnology and Genetics, RCASC

Venue & Time: **Sir M Vishweshwariah Seminar hall and Animal Cell culture lab**  
(12.00 noon – 5.00 pm)

## Value added course BSc students under DBT STAR Scheme

### STUDY OF BASIC TECHNIQUES IN ANIMAL CELL CULTURE

#### Organized by

Department of Biotechnology and Genetics  
S Ramaiah College of Arts, Science and Commerce  
Bengaluru - 560054

Venue: Sir M Visveshwariah seminar hall and Animal  
Cell Culture Lab

Date: 14-19 November, 2022

Time: 12.00 to 5.00 p.m.

Duration: 30 hr

Intake: For V Sem Lifescience students

msrcasc.edu.in

#### About the College:

Dr. M S Ramaiah, a visionary and philanthropist established "Gokula Education Foundation (GEF)", in the year 1962, to deliver education and healthcare for the betterment of mankind. Under the tutelage of GEF, M S Ramaiah College of Arts, Science and Commerce (MSRCASC) was established in 1994. MSRCASC is Re-accredited with "A" Grade by NAAC, Permanently affiliated to Bengaluru City University (BCU), and approved by AICTE. It is also recognized under section 2(f) & 12(B) of the UGC Act 1956. It has produced several rank holders and has alumni in distinguished institutions all over the world. The College has a legacy of organizing workshops, international and national conferences in various disciplines of Science, Commerce and Management in addition to Quality Initiatives in Higher Education.

#### About the Department:

Department of Biotechnology and Genetics" in the MS Ramaiah College of Arts, Science and Commerce, was established in the year 2000 offering both UG and PG programs. The main objective of the programs is to provide conducive learning environment for the students and to mitigate the shortage of biotechnologists in the field of food, agriculture, medicine and environmental management. Highly qualified and experienced faculty members deliver the lectures and conduct the practical in various subjects of as per the curriculum developed by the Bangalore City University. The department focuses mainly on teaching the basics, applications and hands-on-training in a state-of-the-art classroom and laboratory environment. It also facilitates students to broaden their knowledge for multitasking opportunities by conducting various curricular and extra-curricular activities.

#### About the Value-added course:

Animal cell culture is a type of biotechnological technique where animal cell are artificially grown in a favorable environment.

- Animal cell culture is a common and widely used technique for the isolation of cells and their culture under artificial conditions.
- This technique was developed as a laboratory technique for particular studies; however, it has since been developed to maintain live cell lines as a separate entity from the original source.
- The development of animal cell culture techniques is due to the development of basic tissue culture media, which enables the working of a wide variety of cells under different conditions.
- In vitro culture of isolated cells from different animals has helped in the discovery of different functions and mechanisms of operations of different cells.
- Some of the areas where animal cell culture has found most applications include cancer research, vaccine production, and gene therapy.

#### Modules / Contents of the course:

1. INTRODUCTION TO ANIMAL CELL CULTURE
2. SUBCULTURING OF CELLS AND THEIR MAINTENANCE
3. TESTING THE EFFICACY OF THE DRUG SAMPLES ON CELL LINES
4. CELL VIABILITY ASSAY
5. APPLICATIONS OF CELL CULTURE

#### Course outcome:

- Primarily, cell culture is used to understand the fundamental changes that occur to cells and tissues in disease states. Additionally, these same systems can be used to determine whether the cells or tissues under investigation respond to drugs or other treatments.
- Animal cell culture enables studies related to cell metabolism and understand the biochemistry of cells.
- It is possible to control the micro-environment of the cells in the culture such as regulation of matrix, cell-cell interactions and cell substrate attachment.

#### Guidelines for students:

1. Wear clean and neat aprons before entering the lab.
2. Maintain hygiene which stands the major priority
3. Wash of hands before and after performance of the protocol
4. 100% attendance mandatory.

#### Registration:

- Offline registration
- No registration and course fee
- Certificate will be provided after successful completion and upon fulfilling mandatory requirements of the course.
- Last date for registration- 9 October 2022

#### PATRONS

Dr. M.R. Jayaram, *Chairman, GEF*  
Sri M.R. Janakiram, *Director, GEF*  
Sri M.R. Kondandaram, *Director, GEF*  
Sri B.S. Ramaprasad, *Chief Executive, GEF*  
Sri G. Ramachandra, *Chief of Finance, GEF*  
Dr. Vatsala G, *Principal, MSRCASC*  
Dr. Pushpa, *DBT Star Co-ordinator, MSRCASC*

#### ORGANIZING COMMITTEE MEMBERS

Prof. Jayashree, *HoD, Dept. of Biotechnology and Genetics*  
Prof. Channarayappa, *Head R & D, RCASC*  
Dr. Radha Dayanidhi, *Assistant Professor*  
Dr. Geetika Pant, *Assistant Professor*  
Dr. Vinutha M, *Assistant Professor*

## REPORT ON "STUDY OF BASIC TECHNIQUES IN ANIMAL CELL CULTURE"

CONDUCTED FROM 14<sup>TH</sup> TO 19<sup>TH</sup> NOVEMBER 2022 UNDER DBT STAR  
SCHEME

Value-Added course is a component of the curriculum created to provide students the skills they need to succeed in life and to raise their employability quotient. With this as our guiding principle, we organized "Study of Basic techniques in Animal Cell culture" to broaden our students' knowledge and give them knowledge in animal cell culture. It was a 6-days programme conducted for V semester BSc Lifescience students.

Day 1 - we had Prof. Chandra Prabha M N, Head of Biotechnology dept., MSRIT, as our chief guest. The guest speaker addressed students on the applications and importance of animal cell culture in various fields.

**Day 1- Dr. Vatsala G, Principal, addressed the students; Dr. Muktha H reading the profile of the chief-guest; Prof. Chandra Prabha M N explaining the importance of animal cell culture.**

On day 2 and day 3, Ms. Swetha Kumar, Dept. of Microbiology and Cell biology, IISc, was the Resource person. She gave an overview of animal cell culture and described the procedure for evaluating the effectiveness of drugs using various cell viability assays.

*Vatsala G*  
Principal,  
M.S. Ramaiah College of Arts, Science & Commerce  
MSRIT Post, MSR Nagar  
Bangalore - 560 054

**Day 2 and Day 3- Dr. Ms. Swetha Kumar Presenting an overview of animal cell culture;  
Dr. Pramod felicitated the Resource person with a memento and honorarium.**

Dr. Anupama S K, Guest faculty in the department of Microbiology and Biotechnology at Bangalore University, served as the resource person on Days 4 and 5. She described how antioxidants work to counteract the impacts of free radicals.

**Day 4 and 5 – Dr. Pavithra welcomed and read the profile of the Resource person; Dr.  
Anupama S K explained the role of antioxidants in quenching the free radicals; Dr.  
Sowbhagya R presented memento to the Dr. Anupama S K**

On Day 6, Dr. Sowbhagya R and Dr. Muktha H, Assistant Professors, Dept. of Biotechnology and Genetics, Ramaiah College of Arts, Science and Commerce, explained the protocol for handling of cell lines in animal cell culture laboratory and MTT assay procedure, resp.

*Valsab-y*

**Principal,  
M.S. Ramaiah College of Arts, Science & Commerce  
MSRIT Post, MSR Nagar  
Bangalore - 560 054**

**Day 6- Dr. Muktha H and Dr. Sowbhagya R explaining the handling of cell lines in animal cell culture laboratory.**

The students filled up the feedback forms. Students were given a preliminary test and 20 students who performed well with good scores were selected for hands of training in animal cell culture laboratory.
