DEPARTMENT OF MICROBIOLOGY

International Microorganisms Day & Microfest 2K24

This is to inform all BSc students of M. S. Ramaiah College of Arts, Science and Commerce-Autonomous that Department of Microbiology is organizing the valedictory and prize distribution ceremony for **Microfest 2K24** on “Gut Microbiome-Health & Nutrition and **International Microorganisms Day** on “Life in Harmony with Microbes” on 17th September 2024 from 2:00pm onwards. The chief guest for the event is **Dr. Yogesh Shouche**, Director, SKAN Research Trust, Bangalore.

I invite all the HODs and faculty members for the program.

Attendance is mandatory for all the BSc students.

Microfest 2024 Event Report

Organized by

**Department of Microbiology, M S Ramaiah College of Arts, Science and Commerce
(Autonomous) In association with: Sukshmanika Club**

No. of Participants: 182

Event Date: September 9th – September 17th, 2024

Department of Microbiology in collaboration with the Sukshmanika Club. The event aimed to foster creativity, knowledge, and skill development among students in various microbiology-themed activities. With a diverse range of competitions, “Microfest 2024” witnessed enthusiastic participation from students across different disciplines.

The list of Event Conducted are:

1. Microrelay:

The Microrelay event was a fast-paced and fun-filled microbiology-themed relay race. With 24 teams competing, participants raced through microbiological challenges, with 3 winning groups standing out for their speed and accuracy.

2. Ferment Dine:

Ferment Dine was a unique competition where 6 participants explored the process of fermentation. They presented their creative culinary products, with 3 winners recognized for their innovative use of fermentation techniques.

3. Treasure Hunt:

The Treasure Hunt was one of the most thrilling events, with 76 participants navigating a series of microbiology-related clues and challenges. After an intense hunt, 3 winning groups emerged victorious.

4. Quiz:

The Microfest Quiz attracted 33 participants who tested their knowledge of microbiology. After several rounds of challenging questions, 3 participants were declared winners for their excellent performance.

Conclusion:

Microfest 2024 was a resounding success, bringing together creativity, knowledge, and competition. The diverse range of events allowed participants to showcase their talents in various aspects of microbiology, from art and design to problem-solving and scientific knowledge. The event was not only an opportunity for learning but also fostered a sense of community and collaboration among students.

The Department of Microbiology and Sukshmanika Club extend their heartfelt thanks to all participants, volunteers, and winners for making Microfest 2024 a memorable and enriching experience. We look forward to continuing this tradition of excellence in the years to come.

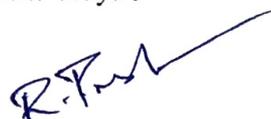

Acknowledgments:

Special thanks to all the volunteers, faculty members, and organizers who contributed to the success of Microfest 2024. Your dedication and support were instrumental in making this event possible.
