## **Report on quiz program “curiosity clash”**

### **Event Details:**

- Date: 27/02/2025
- Venue: Vishweshwaraiah Auditorium, M S Ramaiah college of arts science and commerce
- Participants: All Students of MSRCASC

### **Objectives:**

- To reinforce knowledge of science
- To Encourage active recall and spaced repetition.
- To develop Curiosity & Interest in science subject

### **Event Overview**

- The department of EMCs, M S Ramaiah college of Arts science and commerce organized the science quiz program for students of MSRCASC on 27/02/2025 at 01:00 PM in Vishweshwaraiah Auditorium, M S Ramaiah College of Arts Science and Commerce, Bengaluru-560054.

Science quizzes are an excellent teaching tool that improves learning, develops critical thinking skills, and encourages healthy competition among students. Students are better able to retain material since it offers an interesting method of testing knowledge and facilitates active recall. In contrast with passive learning, quizzes push students to think critically, evaluate ideas, and use what they've learned. Because participants have the chance to respond to questions in front of an audience, increasing their public speaking and decision-making abilities, this procedure not only improves memory but also increases confidence.

Additionally, quizzes encourage a healthy sense of rivalry, which pushes pupils to achieve academic excellence. In order to help teachers and students concentrate on areas that require improvement, they also assist in identifying strengths and weaknesses. Furthermore, quiz programs enhance time management and problem-solving abilities under pressure, making them a great way to prepare for competitive exams like Olympiads.

Quiz programs break the monotony of standard classroom approaches and make learning enjoyable and engaging, extending beyond academics. By fostering curiosity and interdisciplinary thinking,

they assist students in making connections between ideas from many academic disciplines. All things considered; quiz programs are more than just knowledge assessments; they are a vital tool for promoting a passion of lifelong learning, cognitive growth, and confidence building.

The quiz program is scheduled four rounds; first round is screening round in charge by Mrs Asharani R and Ms. Nesara K R. A screening round in a science quiz is the initial selection round used to filter participants before the main quiz competition. This round ensures that only the most prepared or qualified students advance to the next stage. It is Multiple-Choice Questions (MCQs), Quick and easy to evaluate, it consists of 20 MCQ. time limit: 30 minutes to maintain speed and accuracy. is an assessment criterion. Top scored five teams are made qualified for the further round.

Second round is question answer round, each team need to attend the three questions each question carries the 10 mark each and pass questions carry the five mark each. Third round in Pictionary round. Images are displayed the students need to identify the words depicting the image displayed. Last round is rapid fire round each team need to attend the five questions carrying 10 marks each. The following faculties took part the different responsibilities of quiz program.

Quiz Master: Dr. Vidya

Quiz Coordinator: Dr. Nandini

Quiz Host: Dr. vinutha and Mrs. Brunda

Event Moderator: Mrs Haritha A

**Outcome of the course:**

Boosts self-esteem and public speaking abilities, promotes healthy competition, and helps students in identify their strengths and weaknesses.
