CIRCULAR
SDG (Cell)

This is to inform that SDG (Cell) is jointly celebrating World Environment Day on 5 June 2025 in association with Eco Explorers, Rotaract, NSS, NCC and Department of Arts, Science and Commerce, organizing "ORCHARD"-Plantations of Exotic fruits.

"This 2025 campaign focuses on "Combating Plastic Pollution". In this regard all the faculties and students of PG are hereby informed to attend the program.

Date: 05/06/2025

Name of the Recourse Person: Mr. Ramprasad V
Co-founder, Friends of Lakes

Time: 10:00 am To 12:00 pm	Inauguration Function
12:00 pm To 12:30 pm	Fruit plantation drive
1:00 pm To 3:00 pm	Exhibition on
	"Give trash a second chance—reuse to refuse plastic"

Level 5: Room No.: 521 (Genetics Laboratory)

Venue: Kumvempu Seminar Hall

World Environment Day

World Environment day is an annual event celebrated on 5, June of every year. In 1972, the first World Environment Day (WED) was designated by the United Nations General Assembly and since, each year focuses on a different issue, to save and conserve our Environment. The first celebration under the slogan **"Only one Earth"** took place in 1974. This 2025 campaign focuses on "Combating Plastic Pollution", emphasizes the urgent need to reduce plastic waste and adopt sustainable alternatives.

Objectives:

- Promote sustainable alternatives by encouraging the use of biodegradable and compostable materials.
- Supports circular economy and inspire behavior change, for eco-conscious dining.
- Raise awareness on impact of single-use plastics.

MSRCASC College

M. S. Ramaiah College of Arts, Science and Commerce was established in 1994 by our founder Late Dr. M S Ramaiah offering both undergraduate and post graduate degrees offered by Bangalore University in Arts, Science and Commerce and Management streams. The college is approved by AICTE, New Delhi, affiliated to Bangalore City University, recognized by UGC under 2 (f) and 12 B of UGC Act 1956, re-accredited "A" grade by NAAC. The college offers 8 UG and 7 PG programme in Arts, Science, and Commerce, Autonomous, to around 3,000 students.

MSRCASC has a culture of celebrating World Environment Day by planting the saplings, encouraging the society to live sustainably in harmony with nature, spreading the love for green among the young minds.

SDG (Cell)

An SDG (Sustainable Development Goals) cell plays a vital role in coordinating and implementing initiatives that align with the United Nations's 17 Sustainable Development Goals. It fosters awareness, integrates sustainability into various facets of an institution or organization, and promotes collaboration for achieving the goals.

SDC Goals are:

- Quality Education
- Industry, Innovation, Infrastructure
- Sustainable Cities & Communities
- Climate Action
- Life on Land

WORLD ENVIRONMENT DAY 2025

Date: 5th June 2025

Name of the Resource Person: Mr. Ramprasad V, Co-founder, Friends of Lakes

No. of Participants: 100

Venue: Kuvempu Seminar Hall, MSRCASC

Time: 10:00 AM to 3:00 PM

M. S. Ramaiah College of Arts, Science and Commerce, in collaboration with the SDG Cell, NCC, NSS, Eco-Explorers, and Rotaract Club, observed World Environment Day on 5th June 2025, in line with the United Nations theme "*Beat Plastic Pollution*". The program aimed to raise awareness about environmental conservation and promote sustainable alternatives to single-use plastics.

The event commenced at 10:00 AM with the Ramaiah Anthem followed by a Guest talk and delegates and students took part in the watering of the sapling, symbolizing the commitment to sustainability.

Ms. Preethi delivered the Welcome Address, and Principal Dr. Pushpa H inspired the gathering with her emphasis on environmental stewardship. This was followed by an introduction of the guest speaker by Ms. Preethi.

The Guest talk was delivered by Mr. Ramprasad V, environmentalist and co-founder of *Friends of Lakes*. His session was highly engaging, focusing on water conservation, lake rejuvenation, and community action to combat plastic pollution. In his powerful address, he emphasized the alarming rate of plastic pollution, particularly in urban water bodies, and the impact of microplastics on human and aquatic life. He shared real-life success stories of lake rejuvenation efforts in Bengaluru and inspired the audience with practical ways to become agents of change in their own communities.

His talk reinforced the idea that individual responsibility combined with collective action can reverse environmental degradation. Students were especially engaged during the interactive session, posing questions related to waste management, community initiatives, and eco-volunteering. Mr. Ramprasad encouraged students to "be the change-makers" and participate in local sustainability drives. His presence and insights deeply resonated with the audience, leaving a lasting impression on young minds.

His impactful message "Stop Polluting, Start Living" was well received by the audience. This was followed by a 15-minute interactive session with students, who posed insightful questions.

The Vote of Thanks was delivered by Prof. Jayashree D.R., the Convener of the event from the Department of Biotechnology and Genetics. She began by expressing heartfelt gratitude to Mr. Ramprasad V for his inspiring and thought-provoking session, and for taking the time to engage meaningfully with the students.

She extended thanks to the Principal, Dr. Pushpa H, for her unwavering support and leadership in fostering a culture of environmental responsibility on campus. She acknowledged the efforts of all organizing committee members, faculty from various departments, and volunteers from the NCC, NSS, Rotaract, Eco-Explorers, and SDG Cell, who worked tirelessly to make the event a grand success.

Prof. Jayashree also appreciated the enthusiastic participation of students, whose creativity and commitment were evident in both the plantation drive and the exhibition. She concluded by reminding everyone that "Every small step towards sustainability is a leap toward saving our planet.", followed by the National Anthem.

The post-inaugural segment included a Fruit Plantation Drive under the campaign titled "ORCHARD" from 12:00 PM to 12:30 PM, where students and faculty members planted saplings across the campus.

From 1:00 PM to 3:00 PM, an Exhibition titled "Give Trash a Second Chance—Reuse to Refuse Plastic" was held in the Genetics Laboratory. Creative and sustainable projects were showcased by students, emphasizing the reduction and reuse of waste materials. The exhibits inspired students and staff to adopt sustainable practices in everyday life.

The event successfully promoted eco-conscious values, highlighted the goals of the Sustainable Development Goals (SDG), and encouraged practical action among participants.
