

Hettich Unveils Next-Level Experience Centre, Showcasing Magical Interior Solutions in Bengaluru

Shabd Shaastra

Bengaluru (Sources) : Hettich India has announced the relaunch of its Experience Centre in Bengaluru, adding another state-of-the-art centre to its newly standardized customer engagement format. The refreshed concept is designed to offer a consistent, immersive environment where homeowners, designers, and industry professionals can explore premium, German-engineered interior solutions in a guided and inspiring setting.

The Bengaluru centre has been redesigned to reflect Hettich's renewed focus on experiential engagement and format consistency. This transformation is in sync with Hettich's magical interior experiences across all Experience Centres in India, ensuring that every visitor—regardless of location—encounters the same commitment to quality, innovation, and personalized service.

As part of the enhanced format, the Experience Centre now features an

AI-powered immersive tool that allows visitors to interact with Hettich's product ecosystem in a dynamic and engaging way. This digital layer adds a playful, educational dimension to the design journey, helping users better understand

product applications and configurations through interactive simulations.

In addition to the in-centre experience, Hettich offers a suite of value-added services that extend beyond the showroom. Customers can benefit

from Free Design Services and Doorstep Consultations, enabling them to receive expert guidance in the comfort of their own homes. These services are designed to simplify decision-making and bring personalised interior solutions directly to the customer.

Commenting on the launch, Mr. Andre Eckholt, Managing Director of Hettich India, SAARC, Middle East and Africa said, "After the successful launch of our revamped experience centre in Indore, we are delighted to offer the same magical experience to our customers in Bengaluru. The relaunch of our new Experience Centre format reflects our commitment to delivering smart, stylish, and curated experiences that make luxury fittings solutions accessible and inspiring."

With this renewed approach, Hettich continues to evolve how interior solutions are experienced, bridging the gap between inspiration and implementation through technology, expertise, and service.

NCC Army Wing of RCASC, conducted flag area display and weapon exhibition

Shabd Shaastra

Bengaluru (Sources) : On 14 August 2025, in collaboration with BSF and under the guidance of Principal Dr Pushpa H and Lt Lakshitha H S Murthy ANO of the NCC Army Wing of RCASC, conducted flag area display and weapon exhibition in the campus. The chief guest of the occasion was Shri Dinesh Kumar Yadav, IPS IG BSF. The cadets of NCC Army Wing presented the flag area made by the cadets to the IG of BSF, wholeheartedly participating in the presentation.

After the presentation, the cadets were shown weapons and small arms of the BSF, taking inspiration from it and interacting with BSF personnel who motivated the cadets.
